UNSERE PHILOSOPHIE

Gärtnerei Hupp tut mir und meinen Pflanzen gut.

Dieser Leitsatz beschreibt unsere Unternehmensphilosophie perfekt. Denn wenn es deinen Pflanzen und deinem Garten gut geht, dann geht es auch dir gut. Das macht **nicht nur dich glücklich**, sondern umso mehr auch uns.

Der **Garten**, die **Terrasse** oder der **Balkon** sind Orte der Erholung. Hier kann man sich ausruhen, die Zeit genießen und Kraft tanken. Mit unseren Blumen und Pflanzen möchten wir diesen besonderen Lebensraum gemeinsam so schön wie möglich gestalten.

Wir sind täglich mit **viel Liebe** für unsere Pflanzen und für euch da!

HUPP FAMILY

1988 legt Karl-Heinz Hupp den Firmengrundstein und baut auf einem Stück Acker das **erste kleine Gewächshaus**, um zu Beginn vor Allem Beet- & Balkonpflanzen zu kultivieren. Nach und nach vergrößert sich der Betrieb um weitere Flächen, Gewächshäuser und Mitarbeiter. So wächst gleichzeitig auch stetig das Sortiment an Bäumen & Sträuchern.

Seit **1994** ist Ehefrau **Gabi Hupp für das Büro** und die organisatorischen Tätigkeiten zuständig und "hält den Laden" sprichwörtlich zusammen.

2019 steigt dann **Maximilian Hupp offiziell als Gesellschafter** in das Unternehmen ein & ist vor Allem für Garten-Planung, Marketing und das Backoffice zuständig.

Mittlerweile besteht das Familien-Unternehmen aus rund **20 fleißigen Mitarbeitenden**.

UNSERE BAUMSCHULE

Mit einer Fläche von knapp **10.000 Quadratmetern** zählen wir zu den größten Betrieben der "grünen Branche" in der Region.

Auf unserem knapp 8.000 Quadratmeter großzügigen Gelände kultivieren und verkaufen wir **Baumschul-Pflanzen** mit dem Fokus auf **(Haus-)Bäume, Sträucher** und **Stauden** sowie auf einem breiten Sortiment an **Obstgehölzen**.

Bekannt sind wir außerdem für unsere Vielzahl an **mediterranen Pflanzen** sowie für die exklusiven **Formschnitte & Bonsais**.

SOLITAREA

Neue Verkaufsfläche für XXL Solitär- und Großbäume ab April 2024

Auf unserer **neuen Verkaufsfläche** präsentieren wir euch **exklusive Solitär-und Großbäume** für den (Haus-)Garten. Auf dem rund **2000m²** **großen Area** entsteht zudem einen **Baumlehrpfad**, bei dem ihr euch viele Bäume ausgepflanzt anschauen könnt.

UNSER NETZWERK

Neben unseren sorgfältig ausgewählten **Lieferanten aus (Nord-)Deutschland** haben wir uns über die Jahre ein **internationales Netzwerk an qualitativ hochwertigen Produzenten** aufgebaut.

Den Großteil unseres Sortiments an mediterranen Pflanzen sowie Solitär-Gehölzen beziehen wir direkt aus der **Toskana in Italien**. Dazu besuchen wir mehrmals im Jahr unsere Partner und suchen uns die Pflanzen selbst aus. Zitrusfrüchte finden den Weg aus **Sizilien** zu uns. Unsere jahrhundert alten Olivenbäume bekommen wir von der schönen **Ostküste Spaniens**. Mehrmals wöchentlich erhalten wir außerdem beispielsweise Heckenpflanzen aus **Holland**.

Eine riesige, schöne, grüne Oase. Es gibt so viel zu sehen! Jeder Mitarbeiter, dem ich begegnet bin, hat mich gefragt, ob er helfen könne. Also sehr freundlich und zuvorkommend. Ich habe meine Wunschpflanze bekommen (und noch etwas mehr). Es gibt wirklich viele hübsche Sachen. Da ist für jeden was dabei. Ich gehe auf jeden Fall wieder hin!

Eine der besten Gärtnereien und Baumschulen im Umkreis.
Sehr freundlich, hilfsbereit und kompetent.
Das Preisniveau ist trotz der Top-Leistung mehr als angemessen.
Was will man mehr.
Gerne immer wieder.

ÜBER DIESEN KATALOG

Mit diesem Katalog geben wir euch einen ersten groben Überblick über unser **enormes Sortiment**.

Enthalten sind so gut wie alle **neuen Pflanzen**, die wir im Frühjahr 2023 von unseren verschiedenen Lieferanten bezogen haben.

Diese Liste ist aber dennoch bei weitem **nicht vollständig** - vor Ort findet ihr darüber hinaus noch **weitere Pflanzen und Sorten**.

Bitte beachte außerdem, dass durch den Zwischenverkauf **möglicherweise nicht alle hier abgedruckten Pflanzen aktuell verfügbar** sind oder **bereits ausverkauft** sein können - gerade wenn es sich um unsere exklusiven Einzelstücke handelt.

Der **Online-Katalog erhält aber regelmäßig ein Update**.

Die verschiedenen Bäume und Sträucher haben wir dabei zur besseren Übersicht in die **unterschiedlichen Kategorien**, wie etwa Laub- oder Nadelgehölze sortiert.

FÖRDERUNGEN

Neupflanzungen & Begrünung von Innenstädten wird gefördert

Die Politik ist sich mittlerweile durchaus bewusst, wie wichtig etwa "grüne Lungen" für Innenstädte oder natürliche Bepflanzungen im Ortskern sind. Deswegen bieten immer mehr Städte und Kommunen **spezielle Förderungen für Privatpersonen** an.

Unterstützt wird meist die Pflanzung von **heimischen Bäumen & Gehölzen**. Aber auch andere Projekte wie **gemeinschaftlich bewirtschaftete Flächen** oder **Dach- bzw. Fassadenbegrünungen** werden subventioniert.

Weitere Informationen sowie weiterführende Links findet ihr auf unserer **Website**.

PFLANZ JETZT (D)EINEN BAUM

Es ist Zeit zu handeln – der Klimawandel ist kaum noch aufzuhalten.

Und dennoch können wir alle einen kleinen Beitrag zur Rettung unseres Planeten beitragen: Durch das **Pflanzen von Bäumen** und **Sträuchern**.

Wir zeigen dir hier, warum es für jeden Einzelnen von uns wichtig ist, einen Baum zu pflanzen:
